We talked about things that were said at the November Partnership Board meeting.

We agreed that it is good that Dr Little will be a Doctor for people with learning disabilities in Medway. We will ask Dr Little to come to a Forum meeting to tell us about his new job and keeping healthy.

We talked about how travel buddies can help changes peoples' lives.

They can give support in:

Making new friends.

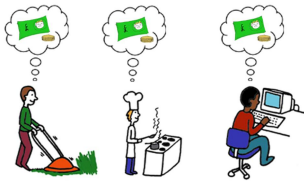

Visiting families.

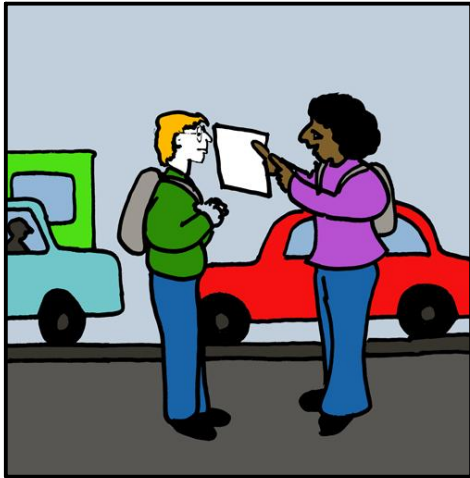

Getting jobs.

Keeping well.

Keeping safe in the community.

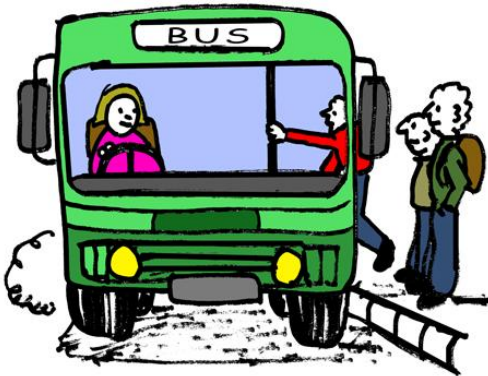

Learning.

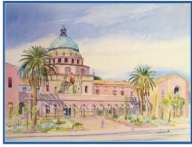

We will ask to talk about Travel Buddies at the January 7th Partnership Board meeting.

The Partnership Board could help get a Travel Buddy service going.

The service could pay for itself after a short time
