

## Keeping Safe

23 people came to Keeping Safe workshops in Strood on:

23rd September

and

1st October 2008

4 Police Community Safety Officers came to the workshops.

Here is a picture of some of the people who came to September 23rd workshop.

We told the Police about bullying and hate crimes.

We found out about:

- \* Good ways to keep safe when we are out and about in the community
- \* How to report problems

We invited the Police Community Support officers to visit us where we live.
